

MATEER 3800 | INLINE AUTOMATIC

Engineering Excellence • Accuracy • Reliability

The Mateer 3800 introduces the speed of a conveyor with this precision, inline automatic filling machine. This is a single-head direct-drive Servo unit, capable of handling the same broad range of products for the food, beverage, pharmaceutical, home/personal care and agricultural markets. This versatility is coupled with easy operation, maintenance and the meticulous accuracy of equipment that's engineered to achieve your specific project goals. In short, the 3800 is a welcome and worthy addition to your production line as you work to achieve greater speed and productivity.

Every Mateer is supported by OEM parts, an in-house team of field service experts who can assist with installation, assessments, repairs and training. Our machines are built to last 25 years, but we proudly service equipment installed over 60 years ago!
